# BATTERY TERMINAL CLEANER

BTC6

**GUNK® Battery Terminal Cleaner** cleans battery terminals, connectors, battery tray, holder bolts and brackets by neutralizing acid corrosion and by cleaning dirt and grease accumulation on the battery. Ensures a good contact between the battery terminal and connector. Ensures maximum current flow from the battery to the starter. Removes acid deposits which could impair starts. Prolongs battery life (receives the max. charge from alternator).

## APPLICATIONS:

- Cleans Connections for Faster Starts
- Neutralizes Acid

**DIRECTIONS:** Shake well. Spray over battery surface & all corroded components on the battery, tray, and holder. Let soak for five minutes, then rinse off with water. Dry components with paper towel or cloth. For excessively dirty components, brush & repeat this process. For added protection use: GUNK® Battery Terminal Protector.

**STORAGE, HANDLING & DISPOSAL:** Store in a dry, well-ventilated area below 120°F/49°C. Do not expose to heat, spark, or open flame or store in direct sunlight. Do not puncture or incinerate can. Dispose of product, container and residue in accordance with all local, state and federal laws and regulations.

**DANGER:** Use in well-ventilated area away from heat, sparks, or flame. Keep can away from contact with electrical current or connections such as battery terminals because burn-through may occur.

**FIRST AID:** EYES: Flush with water for 15 minutes while lifting eyelids, and get prompt medical attention. SKIN: Wash with soap and water. If irritation persists, get prompt medical attention. INHALATION: Move to fresh air. If breathing becomes difficult, get prompt medical attention. INGESTION: DO NOT INDUCE VOMITING. Call Poison Control Center, Physician, or Hospital Emergency Room immediately.

**KEEP AWAY FROM CHILDREN AND ANIMALS**
