BATTERY TERMINAL CLEANER & PROTECTOR

BTCAP6

GUNK® Batter Terminal Cleaner & Protector with Acid Indicator is a 2-in-1 solution that cleans and protects battery, connectors, holder, bolts & brackets. Detects acid build up by turning orange when in contact with battery acid. Protects by preventing corrosion & acid build up that can shorten the life of the battery, which also reduces future battery maintenance. Promotes faster starts by ensuring a good contact between the battery terminal and connector.

APPLICATIONS:

- 2-in-1 Solution
- Detects Acid Build Up
- Prevents Corrosion & Acid Build Up
- Promotes Faster Starts

DIRECTIONS: Shake can before spraying. Spray battery terminals, connectors, holder, brackets, & bolts. Apply every six months for preventative maintenance. **TO CLEAN:** 1. Hold can 6-8 inches and spray area liberally. 2. Allow to work a few minutes and then wash, wipe or scrub surface clean. 3. Do not use a wire brush that might create a spark and ignite any residual oil, grease, or product. **TO CHECK FOR ACID:** 1. Spray liberally on acid containing surface or material. The foam will change color from orange to light red in the presence of acid. 2. Allow to remain several minutes and then wipe. 3. Spray again to detect any remaining acid and repeat as necessary. **TO PROTECT:** Spray a light coating of the foamy product and allow to remain on the surface to be shielded.

STORAGE, HANDLING & DISPOSAL: Store in a dry, well-ventilated area below 120°F/49°C. Do not expose to heat, spark, or open flame or store in direct sunlight. Do not puncture or incinerate can. Dispose of product, container and residue in accordance with all local, state and federal laws and regulations.

DANGER: FIRE AND EXPLOSION HAZARD: Use in well-ventilated area away from heat, sparks or flame. Keep can away from contact with electrical current or connections such as battery terminals because burn-through may occur. Do not use in confined spaces where vapors may collect and ignite in a flash fire. **BREATHING HAZARD: INHALING CONCENTRATED VAPORS CAN BE HARMFUL OR FATAL.**

FIRST AID: EYES: Flush with water for 15 minutes while lifting eyelids, and get prompt medical attention. **SKIN:** Wash with soap and water. If irritation persists, get prompt medical attention. **INHALATION:** Move to fresh air. If breathing becomes difficult, get prompt medical attention. **INGESTION: DO NOT INDUCE VOMITING.** Call Poison Control Center, Physician, or Hospital Emergency Room immediately.

CALIFORNIA PROP 65 WARNING: This product can expose you to chemicals including Diethanolamine, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov.
