GENERAL PURPOSE DEGREASER ORIGINAL POWERED BY SAFECARE®

GB16-32

GUNK® General Purpose Degreaser powered by SafeCare® is designed for cleaning a variety of surface types and soils. The product is a specially formulated non-ionic plant based surfactant blend that penetrates oils, greases and other soils to effectively release them from the surface so they can be rinsed or wiped away. This product is non-caustic and is safe to use on painted surfaces. NOTE: For painted surfaces, dyed fabrics or carpet; pretest for colorfastness in a small area out of sight. The solution is biodegradable [all ingredients are readily biodegradable in Modified Sturm Test* (OECD 301B, ASTM E-1720)] and will rapidly degrade in soil and water. General Purpose Cleaner and Degreaser can be used full strength or diluted with water as need dictates. Ingredients are listed on the EPA's CleanGredients list.

APPLICATIONS:

- Readily Biodegradable
- Quickly Cuts Through Grease & Oil

DIRECTIONS: This product should be used at full strength to remove grease, oils and other soils. For best results, cover surface evenly with degreaser, let sit for a few minutes, scrub affected area, and then rinse with clean water.

STORAGE, HANDLING & DISPOSAL: Keep containers closed when not in use. Dispose of product, container, and residue in accordance with all local, state, and federal laws and regulations. The residue resulting from removal of petroleum oils and greases may be considered a hazardous waste depending on where and how generated. The use of this product to clean engines and bilges in watercraft produces a hazardous waste that can not be discharged into any waterway. Disposal of contaminated rinse water into water courses, sewers, or on the ground may also be prohibited by law.

DANGER: NOTE: While this material is not considered hazardous, this product's Material Safety Data Sheet contains valuable information for the safe handling and proper use of the product. Components are non-hazardous according to 29 CFR 1910.1200. Consult Safety Data Sheet (SDS) prior to using this product. Call 704-821-7643 or visit www.gunk.com for SDS. Avoid contact with eyes. Normal ventilation is adequate.

FIRST AID: May irritate eyes. **EYES:** For eye contact, flush with water for 15 minutes while lifting eyelids. If irritation develops, get prompt medical attention. **SKIN:** In case of skin contact, wash with soap and water. If irritation develops, get prompt medical attention. **INHALATION:** If inhaled, move to fresh air. If breathing becomes difficult get prompt medical attention. **INGESTION:** Do not take internally. If swallowed, do not induce vomiting. Call Poison Control Center, Physician, or Hospital Emergency Room immediately.

KEEP AWAY FROM CHILDREN AND ANIMALS
