ALL PURPOSE CLEANER & DEGREASER

GUNK® All Purpose Cleaner & Degreaser – Concentrated is specifically designed to break up the toughest grease and oil on any surface. This Zero-VOC formula is safe for use on all metals and plastics in the garage or on tough jobs around the house and in the shop. You have trusted us to degrease your engine, now allow us to tackle the rest of your home or workspace with a Cleaner/Degreaser that at full strength can be used for grills, outdoor equipment, auto or boat parts with a greasy or oily surface. Can be diluted down 35 parts water to 1 part solution for light duty cleaning in the kitchen, bathroom or just about anywhere! All ingredients are readily biodegradable by ASTM 5864, OECD 301B Modified Sturm Test and will rapidly degrade in soil and water.

BENEFITS: Water-based degreaser in an easy trigger spray bottle • Zero-VOC formula • Concentrated formula is dilutable down to 1:35 for light jobs • Safe to use on all metals, rubber and plastics • Readily biodegradable • Neutral PH

DIRECTIONS: This product should be used full strength to remove tough grease, oils and other soils. For best results, cover surface evenly with cleaner/degreaser, let sit for a few minutes, scrub area and then rinse with clean water. NOTE: Professional users should consult product Safety Data Sheet (SDS) prior to using this product. Call 704-821-7643 or visit www.gunk.com for SDS.

| Dilution Ratios | | |
|-----------------|------|----------------------|
| Light Duty | 35:1 | For Surface Cleaning |
| General Purpose | 20:1 | For Shop Floors |
| Heavy Duty | 1:1 | For Oil/Greases |

STORAGE, HANDLING & DISPOSAL: To eliminate product leakage, ensure that sprayer body is tightly secured on bottle at all times and put spray head in off position when not using product. Dispose of product, container and residue in accordance with all local, state and federal laws and regulations. The residue resulting from removal of petroleum oils and greases may be considered a hazardous waste depending on where and how generated. The use of this product to clean engines and bilges in watercraft produces a hazardous waste that cannot be discharged into any waterway. Disposal of contaminated rinse water into water courses, sewers or on the ground may also be prohibited by law.

FIRST AID: Eye irritant. EYES: For eye contact, flush with water for 15 minutes while lifting eyelids. If irritation develops, get prompt medical attention. SKIN: In case of skin contact, wash with soap and water. If irritation develops, get prompt medical attention. INHALATION: If inhaled, move to fresh air. If breathing becomes difficult get prompt medical attention. INGESTION: Do not take internally. If swallowed, do not induce vomiting. Call Poison Control Center, Physician or Hospital Emergency Room immediately.

KEEP AWAY FROM CHILDREN AND ANIMALS
