Heavy Duty Spray Lubricant

L508

LIQUID WRENCH® Heavy Duty Spray Lubricant is a highly efficient, multi-purpose lubricant for use in the home, shop or office. This product penetrates and lubricates while stopping squeaks and reducing friction while providing a long-lasting film that acts as a barrier to repel sand, salt, ice and other abrasive materials.

BENEFITS: • Reduces Friction • Penetrates • Lubricates • Cleans & Protects • Prevents Rust & Corrosion

USES: Locks • Fishing Reels • Auto Parts • Hinges • Typewriters • Boat Parts • Firearms • Sewing Machines • Cables • Toys • Sliding Doors • Chains • Clocks • Lawn Mowers • Linkages • Zippers • Air Conditioners • Gears • Hand Tools • Fine Tune Instruments • Valves • Power Tools • Conveyor Parts • Fittings • Casters • Machine Tools • Variety of other uses

DIRECTIONS: Shake well before using. For lubrication or penetration, apply directly to part or equipment. Allow time for penetration (if parts are heavily corroded, scrape or wire brush, friction parts before applying. Penetration time will be longer depending on degree of corrosion.) Apply sufficient force to gradually loosen surfaces and make parts operable. As part operates, wipe away accumulated residue.

STORAGE, HANDLING & DISPOSAL: Store in a cool, dry, well ventilated area. Do not puncture or incinerate container. Do not expose to heat, sparks, open flames or temperatures above 120 F. Exposure to high temperatures may cause bursting. Do not place on radiator, stove or in direct sunlight. Keep from contact with electrical connections such as battery terminals. Wearing contact lenses while working with this product is inadvisable.

DANGER: Extremely flammable aerosol. Keep away from heat/sparks/open flames/hot surfaces. - No smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use. Wash hands after handling. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F.

FIRST AID: EYE CONTACT: Rinse with water. Get medical attention if irritation develops and persists. SKIN CONTACT: Wash with soap and water. If irritation develops, get prompt medical attention. INHALATION: Move to fresh air. If breathing becomes difficult, get prompt medical attention. INGESTION: DO NOT INDUCE VOMITING. Call Poison Control Center, Physician or Hospital Emergency Room immediately.

KEEP AWAY FROM CHILDREN AND ANIMALS
