RUST INHIBITOR

LIQUID WRENCH® RUST INHIBITOR with CERFLON® protects and lubricates metal in the harshest conditions such as high humidity, heat, salt water, salt spray and sub-zero temperatures. This unique rust control lubricant contains CERFLON® to give increased protection against wear. Liquid Wrench® RUST INHIBITOR exceeds the corrosion protection requirements of military specification MIL-PRF-63460E while providing superior lubrication. Safe for use around painted surfaces.

BENEFITS: Protects & prevents metal corrosion • Lubricates & protects in harsh environments • Long-lasting indoor/outdoor protection • Prevents wear • No-mess film

DIRECTIONS: Shake well. Hold can upright 6-8" from surface and spray lightly. Use extension tube for pinpoint application. For maximum corrosion resistance apply a light, even coating and do not wipe off excess. Reapply as needed. For best results, remove existing rust prior to application of Rust Inhibitor. On new parts, can be applied over existing lubricants and protectants. This product will not remove rust or reverse the corrosion process. Get Safety Data Sheet via 704-821-7643 or liquidwrench.com.

STORAGE, HANDLING & DISPOSAL: Do not expose to heat, sparks or open flames. Store in a cool, dry, well-ventilated area below 120°F / 49°C. Do not puncture, crush or incinerate can. Dispose of product, container, residue, and application materials in accordance with all local, state, federal, and international laws and regulations.

FIRST AID: EYE CONTACT: Flush thoroughly with water for 15 minutes while lifting eyelids and get prompt medical attention. **SKIN CONTACT:** Wash thoroughly with soap and water. If irritation develops, get prompt medical attention. **INHALATION:** Move to fresh air. If breathing becomes difficult, get prompt medical attention. **INGESTION:** If swallowed, DO NOT INDUCE VOMITING. Call Poison Control Center, Physician or Hospital Emergency Room immediately.

KEEP AWAY FROM CHILDREN AND ANIMALS
