PRO PENETRANT AND LUBRICANT POWERED BY FLASHSIGHT™

LED411

LIQUID WRENCH® Pro Penetrant and Lubricant powered by FlashSight™ Technology is designed for performance and efficiency. This fast-acting, anti-seize formula penetrates corrosion, loosens rusted bolts and parts, stops squeaks and displaces moisture. The FlashSight™ built-in LED lets you see where you spray. Choose between light only or light and spray. Switch to the locked "off" position to prevent unintentional spraying.

BENEFITS: Built-in LED for added visibility & accuracy in low-light areas • Ultra-fast rust penetration plus long-lasting lubrication • Locking on/off collar = no mess • Pro-Grade anti-seize formula • Breaks down built-up rust & cuts through tough grease • Prevents rust and corrosion • Safe on metal, painted surfaces, plastic & rubber

DIRECTIONS: Shake well. Depress and turn locking collar from "OFF" to "SPRAY" position to dispense. (Turn from "OFF" to "LIGHT" position to use LED light without dispensing). To loosen parts: spray liberally on rusted parts. Allow to soak. Tap or vibrate parts to help loosen – reapply and repeat process until parts come free. To lubricate: apply and allow to soak and then wipe off excess. Lock collar when not in use to prevent release of product. Get Safety Data Sheet via 704-821-7643 or liquidwrench.com

STORAGE, HANDLING & DISPOSAL: Do not expose to heat, sparks or open flames. Store in a cool, dry area below 120°F / 49°C. Do not puncture, crush or incinerate can. Dispose of product, container and residue according to all local, state and federal laws and regulations. To dispose of battery, lift off finger pad with LED unit and battery inside and recycle.

DANGER: FLAMMABLE. FIRE AND EXPLOSION HAZARD: Use only in a well-ventilated area away from heat, sparks, and flames. Do not place container in contact with hot surfaces, batteries or electrical current, because of risk of violent bursting and flash fire. Use added caution in confined area such as basements and automobile compartments. CONTACT HAZARD: Eye and skin irritant. Prolonged skin contact may cause dermatitis. BREATHING & INGESTION HAZARDS: Harmful or fatal if swallowed. INHALING CONCENTRATED VAPORS, INTENTIONALLY OR OTHERWISE MAY CAUSE DEATH WITHOUT WARNING.

FIRST AID: EYE CONTACT: Flush thoroughly with water for 15 minutes while lifting eyelids and get prompt medical attention. SKIN CONTACT: Wash with soap and water, if irritation develops, get prompt medical attention. INGESTION: DO NOT INDUCE VOMITING. Call Poison Control Center, Physician or Hospital Emergency Room immediately. INHALATION: Move to fresh air. If breathing becomes difficult, get prompt medical attention.
