PRO PENETRANT AND LUBRICANT

LT408

LIQUID WRENCH® PRO PENETRANT AND LUBRICANT with CERFLON® is a fast-acting, anti-seize formula that penetrates corrosion while also providing a long lasting lubrication. 2 ways to spray with precision pin pointed stream or broader cone shaped spray while also having a locking "off" position.

BENEFITS: Two ways to spray = stream or spray • Ultra-fast rust penetration plus long-lasting lubrication • Pro-Grade anti-seize formula • Breaks down built-up rust & cuts through tough grease • Prevents rust and corrosion • Safe on metal, painted surfaces, plastic & rubber • 50-state compliant

DIRECTIONS: Shake well. Twist cap to SPRAY for cone shaped spray pattern or STREAM for pin point spray pattern. Twist cap to center lock position to keep product from spraying in storage. To loosen parts: spray liberally on rusted parts. Allow to soak. Tap or vibrate parts to help loosen - reapply and repeat process until parts come free. To lubricate: apply and allow to soak and then wipe off excess. Get Safety Data Sheet via 704-821-7643 or liquidwrench.com.

STORAGE, HANDLING & DISPOSAL: Do not expose to heat, sparks or flames. Store in a cool, dry area below 120°F/49°C. Do not puncture, crush or incinerate can. Dispose of product, container and residue according to all local, state and federal laws and regulations.

DANGER: FLAMMABLE AEROSOL. FIRE AND EXPLOSION HAZARD: Use only in a well ventilated area away from heat, sparks, and flames. Do not place container in contact with hot surfaces, batteries or electrical current, because of risk of violent bursting and flash fire. Use added caution in confined areas such as basements and automobile compartments. **CONTACT HAZARD:** Eye irritant. Prolonged skin contact may cause dermatitis. **BREATHING & INGESTION HAZARDS:** Harmful or fatal if swallowed. **INHALING CONCENTRATED VAPORS INTENTIONALLY OR OTHERWISE MAY CAUSE DEATH WITHOUT WARNING.**

FIRST AID: **EYE CONTACT:** Flush thoroughly with water for 15 minutes while lifting eyelids and get prompt medical attention. **SKIN CONTACT:** Wash with soap and water. If irritation develops, get prompt medical attention. **INHALATION:** Move to fresh air. If breathing becomes difficult, get prompt medical attention. **INGESTION: DO NOT INDUCE VOMITING.** Call Poison Control Center, Physician or Hospital Emergency Room immediately.
