# CONTACT CLEANER NON-CONDUCTIVE

PD11C

**READ ENTIRE LABEL BEFORE USING THIS PRODUCT.** Cleans sensitive electronic components. Penetrates hard-to-reach areas to dissolve dirt, dust, grease, flux, and contaminants. Evaporates quickly and completely. Regular use helps prevent contact malfunction and failure. Harmless to most plastics and paper tapes. This electronic cleaner contains less than 75% VOC by weight.

## APPLICATIONS:

- Quick Drying
- High Dielectric Strength
- Plastic Safe & No Residue

**DIRECTIONS:** 1. Do not apply to energized equipment. 2. Use only in a well-ventilated area. 3. Spray small amount on area to be cleaned. Swabs or lint-free cloth may be used. 4. Allow to dry completely and vent thoroughly before reactivating equipment. Product liquid or vapor may collect in unseen areas. Be certain no flammable vapors remain before reactivation. 5. This product will remove lubrication from moving parts — relubrication may be necessary.

**STORAGE, HANDLING & DISPOSAL:** Store in a dry, well ventilated area below 120°F/ 49°C. Do not puncture, crush or incinerate (burn) can. Use and dispose of product, container, and residue in accordance with all local, state, and federal regulations.

**DANGER:** Do not expose to heat, sparks or flame (including pilot lights) and do not store above 120°F/ 49°C. Do not puncture or incinerate container. Do not place in direct sunlight or near heat source. Exposure to high temperature may cause can to burst. This container will conduct electricity. Keep away from live electrical sources including battery terminals, solenoids, electrical panels, etc. **DO NOT** use with ignition or electrical switches in the "ON" position. Failure to observe this warning may result in serious injury from flash fire and/or electrical shock.

**FIRST AID:** EYE CONTACT: Flush thoroughly with water for 15 minutes while occasionally lifting eyelids to get prompt medical attention. SKIN CONTACT: Wash thoroughly with soap and water. If irritation develops, get prompt medical attention. INHALATION: Move to fresh air. If breathing becomes difficult, get prompt medical attention. INGESTION: If swallowed, **DO NOT INDUCE VOMITING.** Call Poison Control Center, Physician, or Hospital Emergency Room immediately.

**KEEP AWAY FROM CHILDREN AND ANIMALS**
